

The Arona is designed for universal shaped pans and features plastic top fix hinges with slow close. The seat has an push button take off system, for easy and hygenic cleaning. Made from Durolux® thermoset plastic, this seat is long-lasting and offers a ceramic-like shine.

Push Button Take Off

SEAT FEATURES

Slow Close - closes slowly and quietly to prevent slamming and pinched fingers

Push button Take Off - removable from the ceramic with the push of a single button, for easy and hygenic cleaning

Non-Slip Bumpers - 4 bumpers provide extra grip so the seat stays securely on the pan

Scratch Resistant - made from hard thermoset plastic that resists scratches

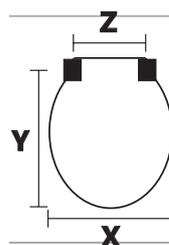

Heat Resistant - High resistance to burns and flames.

- Long-lasting thermoset plastic offers a ceramic-like shine
- Adjustable plastic top fix hinges
- Fits majority of manufacturers' universal shaped pans
